1.1 Chips and re-buys

The standard buy-in is 5,000 chips.

There is a restriction of max rebuy for 2-times. That is, if you bust after your first entry, you may buy-in again (1st rebuy) and so on up to the 2nd rebuy. You may not rebuy after the 2nd rebuy. Rebuy is subject to the operational guide for rebuy at section 3.

1.2 Timing and Key Logistics

The game starts at 8pm at sharp. If you are late, you will be blinded out (open-fold) by the dealer.

The blind schedule is designed so that the game is expected to finish at 11pm.

You are recommended to arrive between **740pm and 750pm**. The location is at Glover Room (X Staircase), Memorial Court, Clare College, CB3 9AJ.

There will be an introduction at 750pm by the President and the Treasurer. You are highly encouraged to be present for this. We will introduce critical information, so if you miss it, you may be negatively affected in the game.

Emergency contacts of the day are: Charles Lu (07471 102520) and Porter's Lodge (01223 333200)

No food may be brought into the room. You are encouraged to bring your own water bottles.

No smoking is allowed. If you smoke, you will be asked to leave and your name will be reported to the Porter. The society has been warned by the college regarding previous participants smoking on-site. This is strictly prohibited by the college.

2 Timetable of Blinds

Unless the game is paused due to logistical reasons, the timer shall proceed as planned.

No ante is required. Small blind is always $\frac{1}{2}$ of the big blind. Final table is formed when there's 8 players left.

2.1 Level 1 to 4

The table below shows the schedule from 8pm to 945pm, corresponding to level 1 to 4. Levels 1 takes 30 minute and level 2 to 4 take 20 minutes each.

930pm	Break	NA	A 15 minutes break is planned, rebuy cut-off

During the break, people should leave their table and chips may be counted and exchanged with a larger denomination by the floor. Do not take your chips away.

Green chips may be exchanged by the floor at the 930pm break.

2.2 An one-off add-on from 930pm to 945pm

An one-off optional add-on of 5,000 chips (at £30) may be made during the break.

This may be purchased from the Assistant Floors during the break. Particularly, the Floors will be present and taking notes of this from 930pm to 945pm.

2.4 Break for Final Table

When the final table (6-8 players) is formed, a 5 minutes break may be announced by the head floor to arrange players and chips. The level shall be stepped up by 1 after the break.

2.5 Level 12 onwards

In the unlikely circumstance that the game does not finish by 1055pm, we proceed into level 12 onwards. From level 12 onwards, each level lasts 5 minutes. It shall follow the below quantities

- Let x be a non-zero positive integer and we consider level $(11+x)$.
- The small blind shall be $5000 \times x$
- The big blind and ante shall be $10000 \times x$

For instance, when $x = 1$, we consider level $L12$ where small blind is 5000 and big blind is 10000.

The starting time of each level shall be announced verbally and on screen / board where logistically feasible, and subject to the break for final table as outlined in the previous section.

3 Opertaional guide for rebuy

We ask you to proceed the rebuy by complying with the following procedure:

1. When busted, approach either the Treasurer or the Discipline Officer to express your wish to rebuy.
2. Then pay to the society bank account and email / show the confirmation to the Treasurer.
3. Request the relevant chip from the Discipline Officer for re-entry.
4. You may be requested to move to another table upon your re-entry by the Floor.

No more rebuy is allowed after 945pm.

4 Miscellaneous disciplinary etiquettes

1. There will be two tables running and committee members will be present at both tables. The President will be seated on table 1 and the Treasurer will be seated on table 2 at the start.
2. Standard disciplinary notes exist. In particular, do not comment on an on-going hand unless you are one of the two parties in a heads-up scenario. Please familiarise yourself with the disciplinary notes here: <https://parleyyang.github.io/CUPOKS/assets/discipline.pdf>
3. A clock may be clocked at any time, and the dealer shall declare the current timer digit. The person being clocked shall have 30 seconds to act from the current timer, e.g. if the current timer shows 13:50 (13 minutes and 50 seconds to the next level), then the player needs to act before the clock reaching 13:20. If the player fails to act, automatic fold is assumed.
4. A player is considered as 'seated at the table' if they are within an arm-length distance from their corresponding chair.
5. No spectator is allowed on the table or within an arm-length distance of a player, unless it is in an all-in running situation, i.e. no action remains on the table, where spectator may approach the table.
6. Warnings may be issued by dealers or floors. When the warning accumulates to a count of 3, the player may be disqualified.
7. Any issues or disputes may be raised on the day or after to the president's society email address.
